## THIRTY MINERS ARE ENTOMBED

All of Them Are Believed to  
Have Perished.

### TWENTY-SIX BODIES FOUND

No Hope Entertained for the Safety  
of Those Still Imprisoned in the  
Shaft—Accident in Oklahoma Mine  
Due to an Explosion of Oil.

MacAlester, Okla., Aug. 27.—More than thirty miners were suffocated in Halley-Ola coal mine No. 1 at Halleyville, fourteen miles east of McAlester, when fire destroyed the hoisting shaft and air shaft and cut off the air from the men below.

Twenty-six dead bodies were removed from the mine following a successful three-hours' battle with the flames. It is believed that six or eight more will be brought out. Twenty-five mules were suffocated and some of their bodies burned.

Explorations in the channels revealed that none of the men met death by burning, but all of them were suffocated.

It is impossible yet for the rescuers to get far from the base of the main shaft, and it probably will be twenty-four hours before a thorough search of the entire mine can be made. Some of the channels are three-quarters of a mile long.

After the miners had gone down in the cage a fire broke out occasioned by the ignition of a barrel of oil which a miner was trying to divide. The flames spread so rapidly that all communication with the top was soon cut off. Hundreds of miners rushed to the scene and tried to get into the air shaft, but this was impossible, the flames and smoke coming up that way with such force as to drive them back. Then an effort was made to operate the cages running up and down the hoisting shaft, but it was found that the cages, the cables and the guides had been burned. There was absolutely no help for the imprisoned miners.

The work of rescue continues, and a determined fight is being made to reach all parts of the mine in the hope that the bodies of the missing men may be found in some of the deeper workings of the mine, which lead in every direction and in some instances are more than a mile from the scene of the explosions.

It will be many hours before the mine has sufficiently cooled and cleared of smoke so that searching parties may penetrate every working of the mine. All hope of finding any of the men still missing alive has been abandoned.

### TRY TO LYNCH A COWBOY

Denver Policemen Would Avenge  
Death of a Brother Officer.

Denver, Aug. 27.—John Bradley, alias John Brennan, a cowboy who was arrested on suspicion of having murdered Policeman William P. Stephens Tuesday night, was set upon by a number of police officers at headquarters and narrowly escaped being beaten to death at their hands. Detectives who had the prisoner in charge fought off the infuriated patrolmen and dragged their charge to a place of safety.

Bradley, or Brennan, was captured by city detectives at a ranch about twenty miles from the scene of the killing and arrived at the city hall here just as the night force of policemen were gathering for duty. His captors were going through the hall with Bradley when the report became circulated that Officer Stephens' slayer was in the building. Instantly blue-coats swarmed into the corridor and attacked the man under arrest. He was knocked down with clubs and the enraged brother officers of Stephens seemed bent upon exterminating him when Chief Armstrong with a bunch of detectives charged the mob. The appearance of the chief checked the attack.

Chief Armstrong declares that the evidence against Bradley is strong.

### Stove Factory Damaged.

Milwaukee, Aug. 27.—The shipping department of the Lindermann-Hoverson company, stove manufacturers, has been destroyed by fire, the loss being about \$75,000. The remainder of the plant was saved.

### Forest Fires Raging.

Pasadena, Cal., Aug. 27.—Forest fires that have been raging for nearly forty-eight hours between the third and fourth range back of Mount Wilson on the government forest reservation, continue, devastating a fine fresh region. A large force of rangers has been assembled to fight the flames.

### TONY PASTOR IS DEAD.

Noted Theatrical Manager Dies After  
a Long Illness.

Elmhurst, L. I., Aug. 27.—Antonio (Tony) Pastor, the theatrical manager, died after an illness of several weeks. He was seventy-one years old. Tony Pastor was taken ill Aug. 10 last and failed rapidly. He rallied several times, but the doctors did not hold out any hope for recovery. During his illness letters, telegrams and cards poured into Kerry cottage, his home here, from all parts of the country, and lately messages from Europe began to arrive.

Tony Pastor was one of the best known theatrical managers in the country. He was born in New York in 1837 and made his first appearance on the stage with a minstrel troupe at the age of nine years. A few years later he became a clown and for fifteen years was a funmaker in the circus ring.

As a comic singer, however, Pastor made his greatest success. He commenced his career as a singer of comic songs in 1861 and was so successful that in four years he had amassed enough money to get control of a music hall. For ten years he was manager of a music hall in the Bowery. In 1875 he opened the Metropolitan theater as Tony Pastor's theater. In 1881 he opened the Tony Pastor theater in Fourteenth street next to Tammany hall, and presided over it up to the time of his illness.

## ROOSEVELT IS THE PRINCIPAL ORATOR

Takes Part in a Ceremony at  
Jordanville, N. Y.

Jordanville, N. Y., Aug. 27.—With a ceremony in which the president of the United States took a prominent part, the Jordanville public library was presented to the people of this community, the donors being Douglas Robinson of Mohawk and New York, Mrs. Robinson and Harriet D. Wolriche, Whitmore, Mr. Robinson's sister, who had erected it in memory of Mr. Robinson's father and mother, Douglas and Fanny Robinson.

President Roosevelt, personally interested in the dedication, his sister, Mrs. Douglas Robinson, being one of the donors, honored the occasion with his presence and although he had originally contemplated talking but briefly, pleased his audience of interested townspeople and dwellers in the nearby countryside by making an address of some length. The president in his speech touched upon a topic near to the hearts of those whom he was addressing and followed up his recent writings on the same subject by eulogizing the farmer's wife and advocating the uplifting of the farmer and his family. He also talked along more general lines of social and economic problems, in a striking clause declaring himself willing to take any necessary step in carrying out the desires of the people for the stoppage of practices that were imperilling the national well-being.

### Rousing Welcome for Roosevelt.

This little village was thoroughly awake to the importance of the occasion, which was given an added touch of distinction by the presence of Secretary of State Root and James S. Sherman, Republican vice presidential candidate. Fine weather crowned the day and the assemblage of more than 1,000 people who crowded about the front of the pretty little library building extended a rousing welcome to the president and the other distinguished guests, among whom were Mrs. Roosevelt and two of the children of the family, Miss Ethel and Kermit.

The exercises were opened with prayer, following which Supreme Court Judge Irving I. Devendorf of Herkimer, acting as chairman, introduced Douglas Robinson, who explained why his sister, his wife, and himself were prompted to give the library to the people. He then turned the deed over to Charles W. Crim, president of the board of trustees of the library.

President Roosevelt then spoke. Secretary Root afterwards made a brief speech and was followed by Mr. Sherman, who also spoke briefly. Many of those present then went to Henderson House, where a reception was held for the president and Mrs. Roosevelt.

The president and his party, after dinner at Mr. Robinson's, drove to Richfield Springs and boarded their special train which left for Hoboken, N. J.

## MRS. HOWARD ENDS HER LIFE

Commits Suicide When Again  
Placed Under Arrest.

### LEADER OF SPRINGFIELD MOB

And Had Been Indicted on a Charge  
of Murder in Connection With Recent Riots—Took Poison and Died  
While Being Taken Into the Jail.

Springfield, Ill., Aug. 27.—Mrs. Kate Howard, one of the leaders in the recent riot in this city, committed suicide by swallowing acid while being placed under arrest. She died as she was being led into the jail.

Before the special grand jury now in session many witnesses testified that Mrs. Howard was one of the ring-leaders of the mob which wrecked Loper's restaurant and cafe. She was the first person indicted, and was held on several counts in the sum of \$10,000, which she furnished. When she was released she said she would never be arrested again.

Shortly after the special grand jury returned another indictment against her charging murder in connection with the recent lynchings. Deputy Sheriff Kramer was sent to Mrs. Howard's rooms to arrest her. Mrs. Howard received the officer at the door. She secretly swallowed a large dose of poison, then said: "I'm ready to go now." She accompanied the deputy to the jail, two blocks away, and was just entering the jail door when she fell dead.

Mrs. Howard was forty-two years old.

Ten more indictments, three charging murder, have been returned by the special grand jury. True bills charging murder were found against Mrs. Howard, Abraham Raynor and Ernest (alias "Slim") Humphrey. Raynor and Mrs. Howard are charged with the murder of the negro, Burton. Humphrey is charged with the murder of the negro, Donnegan. No bail was allowed in either case.

This is the second indictment for murder against Raynor, the first being returned last week, charging him with the murder of Donnegan. Witnesses testified that he was one of the leaders of the mob.

Ethel Howe, a young woman, was indicted for malicious mischief. She was a friend of Mrs. Howard.

### STATEMENT BY BUCHANAN

Regarding Failure of the Firm of A. O. Brown & Co.

New York, Aug. 27.—E. F. Buchanan of the suspended firm of A. O. Brown & Co., in the presence of Messrs. Brown and Young of the firm, gave out a statement bearing upon the investigation being conducted by the stock exchange special committee of last Saturday's dealings and his firm's connection with the procedure. Mr. Buchanan, Mr. Brown and Mr. Young were before the investigating committee during its session Wednesday afternoon and Mr. Buchanan's statement gives the first intimation of the trend which the investigation has taken.

Mr. Buchanan said that in view of conflicting rumors he wished to deny that the suspension of his firm was due in any way "to the speculation of any bank or trust company officials, to officials of the Rock Island company, or to Mr. Lawson or any of the gentlemen so far mentioned." He declined, however, to disclose the names of any of the firm's principals, preferring to wait, he said, until the firm's affairs are straightened out.

"The assignment," said Mr. Buchanan, "was brought about by the refusal of our banks to give us the usual daily certification to take care of our business; also the attitude taken by the officials and members of the New York Stock Exchange. The firm's position was strong and it was perfectly able to meet all obligations had they received the fair treatment that they had previously been accorded."

### WOMAN CONFESSES.

Admits She Urged Her Lover to Kill  
Her Husband.

Valdez, Alaska, Aug. 27.—Macarena Kavorzoff, nineteen years old, confessed that she induced George Pestriakoff, whom she loved, to kill her husband, Peter S. Kavorzoff, a woodman, at their home on Afognak island. Pestriakoff felled Kavorzoff with an axe in the presence of his thirteen-year-old son by a former marriage. The slayer and the woman fled, but were overtaken and lodged in jail. The woman justified the crime, making charges of extreme cruelty against her husband.

Petriakoff said he sought to deliver the woman, whom he loved, from the terror she was living in.

## BRYAN GREETSS SOME OF HIS OLD FRIENDS

Candidate Visits His Birthplace  
in Illinois.

Salem, Ill., Aug. 27.—No crowd of equal size or enthusiasm ever turned out in this city, the birthplace of W. J. Bryan, as did that when the Democratic candidate stopped over to greet his old friends and neighbors. The whole population was up and on hand early to extend a hearty welcome when Mr. Bryan reached here. They were augmented later in the day by thousands who came in on special trains.

The principal event of the day was a speech by Mr. Bryan from a platform in the courthouse grounds in which he appealed to the "Roosevelt Republicans" to support the Democratic ticket, because, he said, they could not hope for a realization of the promised reforms of their party. Mr. Taft, he said, was not the heir to Republican reforms.

Mr. Bryan divided most of his time with the Bryan and Jennings branches of his family. After luncheon he rode out to the cemetery and placed flowers on the graves of his parents, and on his way back to the city inspected the new Bryan-Bennett library, presented by himself and the late Philo S. Bennett of Connecticut. The building cost \$3,500, of which Mr. Bryan contributed \$2,000. He also donated the site, which is the spot on which the house in which he was born was located.

Several thousand of the citizens of Salem and visitors shook the candidate's hand. He held receptions at the courthouse, hotel and railroad station, where the people fought their way to get near him.

While Mr. Bryan was talking the crowd made up a purse of \$300 and handed it to him as a campaign contribution. A check for \$100 also was given by a man from Clinton county.

### LITERALLY EATEN ALIVE.

Consumptive Tortured by Red Ants in  
California.

Los Angeles, Cal., Aug. 27.—After lying helpless under a tree near the ostrich farm east of the city from Sunday afternoon until Tuesday night, his life slowly ebbing away while red ants swarmed over his body and literally ate him alive, Burton B. Jarvis, aged twenty-six, a contracting teamster of Terre Haute, Ind., died at the county hospital, whither he was taken when found.

Jarvis was suffering from tuberculosis and came to California two years ago. Last Sunday he left his hotel to go to the ostrich farm for a pleasure trip. On the way he became faint, walked over to a shade tree and lay down. Instead of recovering his strength he fainted away and did not regain consciousness until long after dark that night.

For two days and nights he lay helpless with ants and other insects tormenting him. Occasional passers-by thought the man under the influence of liquor and did not go to his assistance. Late Tuesday evening help came and he was taken to the hospital, where he died.

Manager—Do you wish a plain cook, madam?

Mrs. Hokeymoo—Yes, please; just as plain as possible.—Judge.

### ONE DEAD AND TWO DYING

Result of an Attempt of Two Brothers  
to "Do Up" a Grocer.

Tulsa, Okla., Aug. 27.—As a result of an attempt by David and William Webb, brothers, to carry out a threat to "do up" J. W. Culpepper, a West Side grocer in his store, David Webb is dead, William Webb is fatally wounded and Culpepper is seriously injured. The trouble, which was the culmination of an old feud, came to a head Tuesday night, when the brothers assaulted Culpepper in his store, threatening to return another night and complete the job. Culpepper armed himself with a double-barreled shotgun, and when the Webbs entered the door he opened fire on them with fatal effect. He was stabbed by William Webb after the latter had been shot.

### Snow in Maryland.

Baltimore, Aug. 27.—There was a light fall of snow in the suburb of this city and flurries are reported from other points in Maryland.

### North Dakota Bank Robbed.

Genesee, N. D., Aug. 27.—Robbers broke into the Genesee State bank, dynamited the safe and stole \$2,300. The safe was completely demolished and the interior of the bank building was badly wrecked, but the noise made by the crackmen was not heard by any one and the crime was not discovered until a watchman entered the bank and found it in ruins.

### Severe Storm in New York.

New York, Aug. 27.—A terrific downpour of rain lasting more than twenty-four hours and attended by the coldest August weather New York has experienced for twenty-three years, was responsible for two deaths and great property damage. More than three inches of rain fell and the thermometer registered as low as low as 56 degrees.

**On the Roll of Honor**  
"The Roll of Honor of the National Banks of the United States is a table prepared by 'The New York Financier' from the statements made to the Comptroller of the Currency, the date chosen being Sept., the statements then being published in a large volume by the government. To secure a place on the Roll of Honor a bank must show surplus and undivided profit equal to or in excess of its capital stock—that is, assuming the capital to be one hundred per cent, the profits and surplus must exceed that percentage. In other words, a Roll of Honor bank has on hand, in the form of surplus and profits, an amount larger than its capital. A bank's numerical order on the roll is based on the percentage of surplus and profits to capital.

According to the last annual report of the Comptroller of the Currency, there were 6,544 banks in operation under National Charter. Of these only 1,032 are entitled to positions on the Roll. This means that out of every 100 banks doing business less than 16 are entitled to mention.

The First National Bank of this city is one of these honored institutions, which reflects great credit on this community as well as the bank itself. See advertisement elsewhere in this issue.

### State Capital Done in Butter

For the first time in its history the \$4,000,000 Minnesota state capitol is to be reproduced in butter at the Minnesota State Fair. Edward K. Slater, of St. Paul, superintendent of the dairy department, has contracted for the several hundred pounds of butter necessary to produce an immense model of the finest building in the state. This model is to be the big feature of the dairy exhibit this year, and to have the place of honor in the mammoth refrigerator in the new dairy building.

Last year this refrigerator, ninety feet long and sixteen feet wide, and costing \$6,000, was devoted to exhibits of various individual dairy concerns, but this year is to see an innovation in that the entire space for exhibits in the refrigerator is to be filled by the different exhibits from creameries throughout the state.

In addition to samples of butter in various form, the prize winning creameries of the state will contribute for exhibition purposes during Aug. 31 to Sept. 5th, the one hundred cups, thirteen sets of silver, the scores of medals and the five \$100 silk banners which have been won at national shows by the products of Minnesota creameries. But seven of these silk banners have been awarded in the United States;

Interest for the general public will be increased by a display of over one thousand prints illustrating dairy and pastoral scenes, and giving an excellent idea of the conditions under which Minnesota has come to be known as "The Bread and Butter State."

ANOTHER BREAK DOWN

Four Inch Shaft at the Power House  
Broke Last Night Putting Much  
of City in Darkness

There was another break down at the electric light station last night, caused by the over load which is being carried. The four-inch shaft which broke a few months ago gave way again last night and a large portion of the residences will have to be shut off, at least when the stores are open. It will be necessary to send away for a shaft.

Act Quick If You Want a Snap

Five Strong Reasons

Why painting in the fall is best

1. In the fall, the surface is thoroughly dry. During the spring a surface which needs repainting is sure to contain moisture and dampness or frost, and it cannot be successfully painted until it has thoroughly dried out.

2. When the wood is dry, it absorbs more of the paint; the paint penetrates deeper into the wood, therefore gets a firmer hold on it, giving the paint coating greater tenacity for holding qualities.

3. Paint cannot be as successfully applied in damp, cloudy or unsettled weather as in warm, sunny weather. In the fall the weather is more settled and uniform and is warmer, therefore it is an excellent time for painting.

4. A house needs its protective coat of paint more in the winter months than at any other time. A house in need of painting should never be allowed to go over the winter without this protection.

5. It is easier to keep the winter's moisture and dampness out by applying a coat of paint in the fall, when the surface is dry, than it is to get moisture or dampness out of the wood if you want to apply a coat of paint in the spring.

TO OPEN BIDS

City Council Met This Afternoon to  
Consider Propositions on Electric  
and Water Plants

The city council met this afternoon at 2:30 to open bids received in connection with proposed water and light plants. There were about twenty gentlemen present representing various machinery and equipment manufacturers as well as some contractors. It was thought prior to the meeting of the council that it would take all the afternoon and evening to tabulate and consider the bids.

Obituaries

There were two funerals in the Swedish Baptist church this week, being on successive afternoons. The first was that of Mrs. Martha Nelson who was born in Wermland, Sweden, Aug. 10, 1839, and died in Brainerd Aug. 23, 1908. She was a woman of good Christian character and leaves four daughters and two sons to mourn her, of which one daughter, Mrs. Gust Erickson, lives in Brainerd and another, Mrs. Jacobson, resides in Deerwood.

The other funeral was that of Miss Anna Erickson, the daughter of Mr. and Mrs. Erik Anderson, of Oak Lawn. Miss Erickson had been sick with heart trouble since last March and passed away last Sunday. She was born in Gastrickland, Sweden, May 15, 1887, and was a young woman of high Christian character who was beloved by all. Besides her parents she leaves a sister, Mrs. August Erickson and a brother, L. J. Erickson, of this city and a brother-in-law in the state of Washington. Besides a sister in St. Paul, Mrs. K. A. Gustafson. The church was beautifully decorated for the funerals which were both well attended.

White-Hohman

One of the prettiest home weddings in Brainerd in some time was that of Miss Lottie White and Louis Frank Hohman which was solemnized at the home of the bride's parents, Mr. and Mrs. I. U. White, 1005 Main street, Wednesday evening, August 26. The rooms were handsomely decorated for the occasion, the hall being done in yellow, the front parlor, where the ceremony was performed, being in pink and green and the dining room and conservatory in green and white.

At the appointed hour of 8 o'clock the bridal party took their places under a bell of smilax in the bay window, Mendelssohn's wedding march being played by Mrs. A. C. White, a sister-in-law of the bride.

The bride was beautifully arrayed in ivory Messeline trimmed with imported point lace, and carried bride's roses. Miss Helen Murray, of Nisswa, was bridesmaid and wore a white batiste princess gown. She carried a bouquet of pink roses. The groom was supported by Russell Cass, both being in conventional black. The ushers were Misses Edith Fulton, of Duluth; Eva Dean, Minneapolis; Elsie Harmon, Bellingham, Wash.; Anna Eggleton, St. Paul. After the ceremony, which was performed by Rev. J. F. McLeod, a reception was given which was attended by a large number of friends. Mrs. White was assisted in her duties as hostess by Mrs. C. B. White and Mrs. Archie Purdy.

Light refreshments were served in the dining room the guests being served by Mrs. F. M. Hagberg, Mrs. Wm. McCarthy, of Spokane; Mrs. J. C. Manville, Mrs. A. C. White, Miss Laura Donaldson and Miss Dottie Sornson. The frappe booth in the conservatory, was presided over by the Misses Cora Davis and Edna Baker.

The happy couple left on the midnight train for a brief western trip, the bride wearing a going away gown of gray with a long coat and hat to match. They will make their future home in Brainerd where both the bride and groom have a host of friends who will unite with THE DISPATCH in extending congratulations to them.

There was a large array of very handsome and expensive presents which bore testimony to the high regard in which the young people are held by a large circle of friends. A feature of the display was the large number of handsome pieces of linen presented by the lady friends of the bride.

The out of town guests were Mr. and Mrs. F. A. White, Miss Anna Eggleton, St. Paul; Norrie P. White, Mrs. Chas. Kunerth, Miss Hazel Welch, Miss Edith Fulton, Duluth; Mrs. H. R. White, Gull lake; Mrs. Wm. Murray, Miss Helen Murray, Nisswa; Mrs. R. W. Bartlett, Miss Eva Dean, Minneapolis; Miss Elsie Harmon, Bellingham, Wash.; Mrs. Wm. McCarthy, Spokane; Miss Dottie Sornson, Merrifield.

She Likes Good Things

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at H. P. Dunn's drug store, 25c.

Wilson-Showalter

At the residence of Mr. and Mrs. W. H. Bolton, Riverside, near Northern Pacific Sanatorium, the marriage of H. Clyde Wilson, and Miss Goldie E. Showalter, was solemnized at 2:30 yesterday afternoon in the presence of 30 guests. Rev. Charles Fox Davis was the officiating clergyman, reading the beautiful ring service of the Methodist Episcopal church. Miss Nellie E. Showalter, of Longville, assisted the bride, her sister, and the bride's brother, Allen G. Showalter, assisted the groom. The bride was handsomely gowned in pale blue silk and carried bride's roses in her hand. Mrs. W. H. Bolton, a relative of the groom, played the wedding march.

The floral decorations were in ferns and golden rod, with white decorations forming a most handsome wedding bower. After the pleasing ceremony a wedding luncheon was served. Among the out of town guests were Miss H. A. Avery, of Deerwood, Mr. and Mrs. S. E. Showalter and family, of Longville, Cass Co. The young couple left last evening for Long Prairie, leaving in a week for Seattle, Wash., where they will make their future home.

Dr. Lausted Married

Announcements have been received in this city of the marriage of Dr. Geo. W. Lausted and Mrs. Margaret Marie Brash, of Fond du Lac, Wis. The marriage occurred at Fond du Lac, Wis., August 22d, and the happy couple will be at home in Duluth, Minn., after September 1st. Mrs. Brash visited at the home of Mr. and Mrs. L. E. Thayer last year and made a number of friends in this city, who will join with the many friends of Dr. Lausted in wishing them much joy.

"The Flaming Arrow

Red Flash, the famous Indian runner, who carried Custer's last message, is one of the most interesting of a group of famous red men, who formed the attacking party on the fort, in "The Flaming Arrow," the romantic drama by Lincoln J. Carter, which opens at the opera house, Sept. 1.

Red Flash, an old man now, will be seen with this attraction. He was once, and indeed for a full decade, the fastest of all Indian runners. It is said that a sprint of 100 miles a day as bearer of important messages between forces of the regular army was but a trifle. He formerly was one of the most noted blood thirsty warriors on the Dakota plains.

For County Attorney

I hereby announce that I am a Republican candidate for the office of County Attorney. I desire to thank the voters for the kind support they gave me at the last election. In the discharge of the duties of that office I have been impartial and have conducted the business in an honest and conscientious manner to the best of my ability. With the experience thus gained I believe that I am and shall be better fitted for the place during the second term, and I trust that I may command your confidence.

Respectfully,  
J. H. WARNER.

## BIG DAM BREAKS AND FLOODS CITY

Water Twelve Feet Deep in the  
Streets of Augusta.

ONLY THREE LIVES ARE LOST

Damage to Property, However, Is  
Placed at About Half a Million Dol-  
lars—Several Fires Reported in  
Outlying Districts.

Atlanta, Ga., Aug. 27.—The floods in the Carolinas and Georgia culminated in the breaking of the big dam six miles from Augusta, which diverts the water from the Savannah river into the canal at that point. The great flood of water let loose soon found its way into the city and from Fifteenth street to the eastern boundary, Augusta is under from six to twelve feet of water, which is gradually rising.

The big bridge across the Savannah river went down in the rush of waters and the dam at the locks seven miles above the city collapsed, adding to the flood.

The Associated Press correspondent at Augusta succeeded in getting a telephone wire to work in the building next to the Augusta Herald office and from there the first communication to this city was obtained after the wires went down. He reported three deaths two white persons and one negro, but could not give any names, as the means of travel were only by boat.

Two telegraph operators employed by the Western Union Telegraph company swam to the Chamber of Commerce building and cut in on a wire that had not gone down.

The current through the city streets is swift, but not fast enough to more than carry away debris, box trees, store boxes and loose signs.

Despite the fact that the city was warned that there was danger of the dam breaking, there will be considerable loss in business houses of all kinds.

Estimates place the financial loss close to \$500,000.

There were several fires reported but as the fires are in outlying districts, the extent of the damage can not be learned. It is said the Nixon and Danforth cotton warehouse was destroyed by fire, together with the Nixon wholesale grocery warehouse. A fire was also reported in the Georgia railway shops.

Fleet Leaves Sydney.

Sydney, N. S. W., Aug. 27.—The fleet of American battleships has sailed from this port bound for Melbourne. The sky was cloudless, the sun was warm and only moderate sea was running when the flagship Connecticut weighed anchor and led the warships in single line out past the sloping shores of the harbor, which were crowded with thousands of persons who had gathered to bid the fleet farewell.

Robber Killed by Policeman.

Philadelphia, Aug. 27.—Caught in the act of robbing the house of a neighbor who had many times befriended him Ed Mooney, a former city fireman with a record for heroism, was shot and mortally wounded by Policeman Harrington. Mooney died in a hospital.

## TOLSTOI'S CONDITION GRAVE

Noted Russian Author in a Serious Condition.

St. Petersburg, Aug. 27.—The St. Petersburg newspapers state that Count Leo Tolstoi's condition is very grave. He has been suffering for some time past with dilation of the veins of his

COUNT LEO TOLSTOI.

feet, which more recently became complicated by an attack of influenza. He is suffering greatly from weakness.

Falls to His Death.

Sioux City, Ia., Aug. 27.—J. M. George fell from the Milwaukee bridge across Perry creek, struck his head upon a cross beam of the bridge and died instantly. The police found him standing on his head in the water.

Making Good.

There is no way of making *lasting* friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; and he who has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into fame for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore *don't accept a substitute* that the dealer may possibly make a little bigger profit. *Insist on your right to have what you call for.*

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve-line it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterward in favor. Easy to take as candy—one to three, those. Much imitated but never equaled.

## WINS NATIONAL TROPHY.

Army Infantry Team Captures First Prize at Camp Perry, O.

Camp Perry, O., Aug. 27.—The United States Infantry team won the national trophy and the \$300 offered by congress by winning the United States army rifle team match. The infantry's score was 3,224. The second prize, the Hilton trophy and \$200 in cash, went to the navy team, which scored 3,210. A score of 3,180 made by the cavalry team gave the cavalry third place, the bronze trophy, "The Soldier of Marathon," and \$150 in cash. The marine corps was fourth with 3,117 and won \$100 in cash. Fifth place and \$75 in cash was won by the Wisconsin team with a score of 3,073, which also heads the national guard teams. All of the high honors were taken by the regular army service teams.

Two Killed in a Mine.

Deadwood, S. D., Aug. 27.—J. B. Taylor, one of the best known mining men in the Black Hills and his helper, Chris Miller, were instantly killed at the Burlington mine, near Redfern. The men had stepped into the cage to be raised out of danger of a blast, but a break caused the cage to stick, and the explosion caught them helplessly.

## PUTS PREMIUM ON RECKLESS BANKING

Taft's Opinion of Plan to Guarantee Bank Deposits.

Hot Springs, Va., Aug. 27.—"It puts a premium on reckless banking and is an inducement to reckless banking." Thus did Mr. Taft in response to a direct question, state what is, in his opinion, the vital objection to the proposed plan to guaranty deposits in national banks.

"That is the fundamental objection," he said. "Relieved of the responsibility to and the fear of his depositors, the tendency would be to induce exploitation, manipulation, and the use of assets of banks in a speculative way. It would promote speculation at the expense of his fellow bankers and that ultimately means at the expense of the depositors. Any proposition as to the amount of the tax that should be assessed, as based on the present rate of loss, is on an erroneous basis, as the danger of loss of deposits is increased vastly by the proposed system, so that the percentage of the tax would have to be vastly increased."

"Mr. Bryan did favor a guaranty, the government to raise the funds by taxing the banks, but the Democratic platform provides for an enforced insurance, which compels all national banks to contribute to the insurance funds to meet the defaults of the speculators. I am told that such a law was in force in New York and that the result was that when a panic ensued, the tax having been improperly calculated there were not sufficient funds to pay the loss, but this I have only on the authority of a well known writer on the subject."

Noted Inventor Dead.

Boston, Aug. 27.—The death is announced at the home of his daughter in Brookline of John James Greenough, the inventor and former superintendent of the patent office at Washington. He was the first to take out a patent on a sewing machine, invented the first shoe-pegging machine, and assisted in the construction of the first electric locomotive.

The Sort of Thing He Liked.

In an early day in Stone county, Mo., a farmer's boy rushed into the office of Dr. T. J. McCord of Galena and urged the doctor to come quickly to see his father, who seemed to be dying. Said the doctor, "What ails him, and what has he eaten?"

The boy said, "Oh, nothing much but fourteen roasting ears for supper."

"Well," said the doctor, "just go back and throw him in a couple of bundles of oats and tell him I will be up there in about thirty minutes."—Judge's Library.

Good Books.

'Tis a pleasure in the gloaming, when the lights are burning low, to forget the hours of labor, with their weariness and woe and to choose some ample volume—say a work by Albert Ross—and peruse its hopeful pages, which absorb us and engross. And a book by Laura Libbey lifts the shadows from one's brow, such a stirring tale, for choice, as "Lovers Once, but Strangers Now." Let the thoughtless go to cake-walks, dances and the like forsooth! We shall rest and read Nick Carter and his running mate, "Old Sleuth."—Emporia Gazette.

## THIRTY MINERS ARE ENTOMBED

All of Them Are Believed to  
Have Perished.

### TWENTY-SIX BODIES FOUND

No Hope Entertained for the Safety  
of Those Still Imprisoned in the  
Shaft—Accident in Oklahoma Mine  
Due to an Explosion of Oil.

MacAlester, Okla., Aug. 27.—More than thirty miners were suffocated in Halley-Ola coal mine No. 1 at Halleyville, fourteen miles east of McAlester, when fire destroyed the hoisting shaft and air shaft and cut off the air from the men below.

Twenty-six dead bodies were removed from the mine following a successful three-hours' battle with the flames. It is believed that six or eight more will be brought out. Twenty-five mules were suffocated and some of their bodies burned.

Explorations in the channels revealed that none of the men met death by burning, but all of them were suffocated.

It is impossible yet for the rescuers to get far from the base of the main shaft, and it probably will be twenty-four hours before a thorough search of the entire mine can be made. Some of the channels are three-quarters of a mile long.

After the miners had gone down in the cage a fire broke out occasioned by the ignition of a barrel of oil which a miner was trying to divide. The flames spread so rapidly that all communication with the top was soon cut off. Hundreds of miners rushed to the scene and tried to get into the air shaft, but this was impossible, the flames and smoke coming up that way with such force as to drive them back. Then an effort was made to operate the cages running up and down the hoisting shaft, but it was found that the cages, the cables and the guides had been burned. There was absolutely no help for the imprisoned miners.

The work of rescue continues, and a determined fight is being made to reach all parts of the mine in the hope that the bodies of the missing men may be found in some of the deeper workings of the mine, which lead in every direction and in some instances are more than a mile from the scene of the explosions.

It will be many hours before the mine has sufficiently cooled and cleared of smoke so that searching parties may penetrate every working of the mine. All hope of finding any of the men still missing alive has been abandoned.

### TRY TO LYNCH A COWBOY

Denver Policemen Would Avenge  
Death of a Brother Officer.

Denver, Aug. 27.—John Bradley, alias John Brennan, a cowboy who was arrested on suspicion of having murdered Policeman William P. Stephens Tuesday night, was set upon by a number of police officers at headquarters and narrowly escaped being beaten to death at their hands. Detectives who had the prisoner in charge fought off the infuriated patrolmen and dragged their charge to a place of safety.

Bradley, or Brennan, was captured by city detectives at a ranch about twenty miles from the scene of the killing and arrived at the city hall here just as the night force of policemen were gathering for duty. His captors were going through the hall with Bradley when the report became circulated that Officer Stephens' slayer was in the building. Instantly bluecoats swarmed into the corridor and attacked the man under arrest. He was knocked down with clubs and the enraged brother officers of Stephens seemed bent upon exterminating him when Chief Armstrong with a bunch of detectives charged the mob. The appearance of the chief checked the attack.

Chief Armstrong declares that the evidence against Bradley is strong.

### Stove Factory Damaged.

Milwaukee, Aug. 27.—The shipping department of the Lindermann-Hoverson company, stove manufacturers, has been destroyed by fire, the loss being about \$75,000. The remainder of the plant was saved.

### Forest Fires Raging.

Pasadena, Cal., Aug. 27.—Forest fires that have been raging for nearly forty-eight hours between the third and fourth range back of Mount Wilson on the government forest reservation, continue, devastating a fine fresh region. A large force of rangers has been assembled to fight the flames.

## MRS. HOWARD ENDS HER LIFE

Commits Suicide When Again  
Placed Under Arrest.

### LEADER OF SPRINGFIELD MOB

And Had Been Indicted on a Charge  
of Murder in Connection With Recent Riots—Took Poison and Died  
While Being Taken Into the Jail.

Springfield, Ill., Aug. 27.—Mrs. Kate Howard, one of the leaders in the recent riot in this city, committed suicide by swallowing acid while being placed under arrest. She died as she was being led into the jail.

Before the special grand jury now in session many witnesses testified that Mrs. Howard was one of the ring-leaders of the mob which wrecked Loper's restaurant and cafe. She was the first person indicted, and was held on several counts in the sum of \$10,000, which she furnished. When she was released she said she would never be arrested again.

Shortly after the special grand jury returned another indictment against her charging murder in connection with the recent lynchings. Deputy Sheriff Kramer was sent to Mrs. Howard's rooms to arrest her. Mrs. Howard received the officer at the door. She secretly swallowed a large dose of poison, then said: "I'm ready to go now." She accompanied the deputy to the jail, two blocks away, and was just entering the jail door when she fell dead.

Mrs. Howard was forty-two years old.

Ten more indictments, three charging murder, have been returned by the special grand jury. True bills charging murder were found against Mrs. Howard, Abraham Raynor and Ernest (alias "Slim") Humphrey. Raynor and Mrs. Howard are charged with the murder of the negro, Burton. Humphrey is charged with the murder of the negro, Donnegan. No bill was allowed in either case.

This is the second indictment for murder against Raynor, the first being returned last week, charging him with the murder of Donnegan. Witnesses testified that he was one of the leaders of the mob.

Ethel Howe, a young woman, was indicted for malicious mischief. She was a friend of Mrs. Howard.

### STATEMENT BY BUCHANAN

Regarding Failure of the Firm of A. O. Brown & Co.

New York, Aug. 27.—E. F. Buchanan of the suspended firm of A. O. Brown & Co., in the presence of Messrs. Brown and Young of the firm, gave out a statement bearing upon the investigation being conducted by the stock exchange special committee of last Saturday's dealings and his firm's connection with the procedure. Mr. Buchanan, Mr. Brown and Mr. Young were before the investigating committee during its session Wednesday afternoon and Mr. Buchanan's statement gives the first intimation of the trend which the investigation has taken.

Mr. Buchanan said that in view of conflicting rumors he wished to deny that the suspension of his firm was due in any way "to the speculation of any bank or trust company officials, to officials of the Rock Island company, or to Mr. Lawson or any of the gentlemen so far mentioned." He declined, however, to disclose the names of any of the firm's principals, preferring to wait, he said, until the firm's affairs are straightened out.

"The assignment," said Mr. Buchanan, "was brought about by the refusal of our banks to give us the usual daily certification to take care of our business; also the attitude taken by the officials and members of the New York Stock Exchange. The firm's position was strong and it was perfectly able to meet all obligations had they received the fair treatment that they had previously been accorded."

### WOMAN CONFESSES.

Admits She Urged Her Lover to Kill  
Her Husband.

Valdez, Alaska, Aug. 27.—Macarena Kavorzoff, nineteen years old, confessed that she induced George Pestriakoff, whom she loved, to kill her husband, Peter S. Kavorzoff, a woodman, at their home on Afogauak Island. Pestriakoff felled Kavorzoff with an axe in the presence of his thirteen-year-old son by a former marriage. The slayer and the woman fled, but were overtaken and lodged in jail. The woman justified the crime, making charges of extreme cruelty against her husband.

Pestriakoff said he sought to deliver the woman, whom he loved, from the terror she was living in.

## BRYAN GREETSS SOME OF HIS OLD FRIENDS

Candidate Visits His Birthplace  
in Illinois.

Salem, Ill., Aug. 27.—No crowd of equal size or enthusiasm ever turned out in this city, the birthplace of W. J. Bryan, as did that when the Democratic candidate stopped over to greet his old friends and neighbors. The whole population was up and on hand early to extend a hearty welcome when Mr. Bryan reached here. They were augmented later in the day by thousands who came in on special trains.

The principal event of the day was a speech by Mr. Bryan from a platform in the courthouse grounds in which he appealed to the "Roosevelt Republicans" to support the Democratic ticket, because, he said, they could not hope for a realization of the promised reforms of their party. Mr. Taft, he said, was not the heir to Republican reforms.

Mr. Bryan divided most of his time with the Bryan and Jennings branches of his family. After luncheon he rode out to the cemetery and placed flowers on the graves of his parents, and on his way back to the city inspected the new Bryan-Bennett library, presented by himself and the late Philo S. Bennett of Connecticut. The building cost \$3,500, of which Mr. Bryan contributed \$2,000. He also donated the site, which is the spot on which the house in which he was born was located.

Several thousand of the citizens of Salem and visitors shook the candidate's hand. He held receptions at the courthouse, hotel and railroad station, where the people fought their way to get near him.

While Mr. Bryan was talking the crowd made up a purse of \$300 and handed it to him as a campaign contribution. A check for \$100 also was given by a man from Clinton county.

### LITERALLY EATEN ALIVE.

Consumptive Tortured by Red Ants in  
California.

Los Angeles, Cal., Aug. 27.—After lying helpless under a tree near the ostrich farm east of the city from Sunday afternoon until Tuesday night, his life slowly ebbing away while red ants swarmed over his body and literally ate him alive, Burton B. Jarvis, aged twenty-six, a contracting teamster of Terre Haute, Ind., died at the county hospital, whither he was taken when found.

Jarvis was suffering from tuberculosis and came to California two years ago. Last Sunday he left his hotel to go to the ostrich farm for a pleasure trip. On the way he became faint, walked over to a shade tree and lay down. Instead of recovering his strength he fainted away and did not regain consciousness until long after dark that night.

For two days and nights he lay helpless with ants and other insects tormenting him. Occasional passers-by thought the man under the influence of liquor and did not go to his assistance. Late Tuesday evening help came and he was taken to the hospital, where he died.

Manager—Do you wish a plain cook, madam?

Mrs. Housemoo—Yes, please; just as plain as possible.—Judge.

### ONE DEAD AND TWO DYING

Result of an Attempt of Two Brothers  
to "Do Up" a Grocer.

Tulsa, Okla., Aug. 27.—As a result of an attempt by David and William Webb, brothers, to carry out a threat to "do up" J. W. Culpepper, a West Side grocer in his store, David Webb is dead, William Webb is fatally wounded and Culpepper is seriously injured. The trouble, which was the culmination of an old feud, came to a head Tuesday night, when the brothers assaulted Culpepper in his store, threatening to return another night and complete the job. Culpepper armed himself with a double-barrelled shotgun, and when the Webbs entered the door he opened fire on them with fatal effect. He was stabbed by William Webb after the latter had been shot.

### Snow in Maryland.

Baltimore, Aug. 27.—There was a light fall of snow in the suburb of this city and flurries are reported from other points in Maryland.

### North Dakota Bank Robbed.

Genesee, N. D., Aug. 27.—Robbers broke into the Genesee State bank, dynamited the safe and stole \$2,300. The safe was completely demolished and the interior of the bank building was badly wrecked, but the noise made by the crackmen was not heard by any one and the crime was not discovered until a watchman entered the bank and found it in ruins.

### Severe Storm in New York.

New York, Aug. 27.—A terrific downpour of rain lasting more than twenty-four hours and attended by the coldest August weather New York has experienced for twenty-three years, was responsible for two deaths and great property damage. More than three inches of rain fell and the thermometer registered as low as low as 56 degrees.

ptroller of the Currency, the date chosen  
being Sept., the statements then being  
published in a large volume by the  
government. To secure a place on the  
Roll of Honor a bank must show sur-  
plus and undivided profit equal to or in  
excess of its capital stock—that is, as-  
suming the capital to be one hundred  
per cent, the profits and surplus must  
exceed that percentage. In other  
words, a Roll of Honor bank has on  
hand, in the form of surplus and profits,  
an amount larger than its capital. A  
bank's numerical order on the roll is  
based on the percentage of surplus and  
profits to capital.

According to the last annual report  
of the Comptroller of the Currency,  
there were 6,544 banks in operation  
under National Charter. Of these only  
1,032 are entitled to positions on the  
Roll. This means that out of every 100  
banks doing business less than 16 are  
entitled to mention.

The First National Bank of this city is  
one of these honored institutions, which  
reflects great credit on this community  
as well as the bank itself. See adver-  
tisement elsewhere in this issue.

### State Capital Done in Butter

For the first time in its history the  
\$4,000,000 Minnesota state capitol is  
to be reproduced in butter at the  
Minnesota State Fair. Edward K.  
Slater, of St. Paul, superintendent of  
the dairy department, has contracted  
for the several hundred pounds of  
butter necessary to produce an immense  
model of the finest building in the  
state. This model is to be the big  
feature of the dairy exhibit this year,  
and to have the place of honor in the  
mammoth refrigerator in the new dairy  
building.

Last year this refrigerator, ninety  
feet long and sixteen feet wide, and  
costing \$6,000, was devoted to exhibits  
of various individual dairy concerns,  
but this year is to see an innovation in  
that the entire space for exhibits in  
the refrigerator is to be filled by the  
different exhibits from creameries  
throughout the state.

In addition to samples of butter in  
various form, the prize winning cream-  
eries of the state will contribute for  
exhibition purposes during Aug. 31 to  
Sept. 5th, the one hundred cups, thir-  
teen sets of silver, the scores of medals  
and the five \$100 silk banners which  
have been won at national shows by  
the products of Minnesota creameries.  
But seven of these silk banners have  
been awarded in the United States;

## XTRAGOOD

CLOTHES FOR BOYS

Ederheimer, Stein & Co. - Makers

THIS view shows how some of our boys' suits look.  
Sorry we can't show quality in a picture; but it's in the  
clothes; style, fit, wear, satisfaction.

Tell you what to do. Bring the youngsters here some  
forenoon; or after school; any time. Quicker the better.  
Will show you the real difference between XTRAGOOD and  
ordinary clothes—a difference that begins with the choice of  
materials and runs clear through to the last stitch. You'll be  
convinced and saved further search.

people of Minnesota.

Mr. Slater's program contemplates a  
black velvet backing and a black velvet  
shelf covering to run entirely around  
inside of the refrigerator, upon which  
or in front of which will be placed on  
exhibition the cups and sets of silver  
belonging to the prize winning cream-  
eries of Minnesota. Interest for the  
general public will be increased by a  
display of over one thousand prints il-  
lustrating dairy and pastoral scenes,  
and giving an excellent idea of the con-  
ditions under which Minnesota has  
come to be known as "The Bread and  
Butter State."

ANOTHER BREAK DOWN  
Four Inch Shaft at the Power House  
Broke Last Night Putting Much  
of City in Darkness

There was another break down at the electric light station last night, caused by the over load which is being carried. The four-inch shaft which broke a few months ago gave way again last night and a large portion of the residences will have to be shut off, at least when the stores are open. It will be necessary to send away for a shaft.

**Five Strong Reasons**  
*Why painting in the fall is best*

1. In the fall, the surface is thoroughly dry. During the spring a surface which needs repainting is sure to contain moisture and dampness or frost, and it cannot be successfully painted until it has thoroughly dried out.
2. When the wood is dry, it absorbs more of the paint; the paint penetrates deeper into the wood, therefore gets a firmer hold on it, giving the paint coating greater tenacity for holding qualities.
3. Paint cannot be as successfully applied in damp, cloudy or unsettled weather as in warm, sunny weather. In the fall the weather is more settled and uniform and is warmer, therefore it is an excellent time for painting.
4. A house needs its protective coat of paint more in the winter months than at any other time. A house in need of painting should never be allowed to go over the winter without this protection.
5. It is easier to keep the winter's moisture and dampness out by applying a coat of paint in the fall, when the surface is dry, than it is to get moisture or dampness out of the wood if you want to apply a coat of paint in the spring.

TO OPEN BIDS  
City Council Met This Afternoon to  
Consider Propositions on Electric  
and Water Plants

The city council met this afternoon at 2:30 to open bids received in connection with proposed water and light plants. There were about twenty gentlemen present representing various machinery and equipment manufacturers as well as some contractors. It was thought prior to the meeting of the council that it would take all the afternoon and evening to tabulate and consider the bids.

**Try This For Dessert**  
Dissolve one package of any flavored JELL-O in one pint of boiling water. When partly congealed, beat until light adding one cup whipped cream and six crushed macaroons. Whip all together thoroughly and pour it into a mold or bowl. When cool, it will jellify and may be served with whipped cream or any good pudding sauce.

The JELL-O costs 10c per package and can be obtained at any good grocery store.

**Hunting Licenses**  
Up to Wednesday evening there had been eight hunting licenses granted as follows: R. D. King, S. R. Adair, Geo. E. Trent, C. P. Cocks, of Brainerd and G. A. Fernstrom, Jas. Luscomb, Chas. Anderson and John Sherburne, all of Elmore, Minn.

**For Sore Feet**  
"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing too for piles. Try it! Sold under guarantee at H. P. Dunn's drug store, 25c.

**Obituaries**  
There were two funerals in the Swedish Baptist church this week, being on successive afternoons. The first was that of Mrs. Martha Nelson who was born in Wermland, Sweden, Aug. 10, 1839, and died in Brainerd Aug. 23, 1908. She was a woman of good Christian character and leaves four daughters and two sons to mourn her, of which one daughter, Mrs. Gust Erickson, lives in Brainerd and another, Mrs. Jacobson, resides in Deerwood.

The other funeral was that of Miss Anna Erickson, the daughter of Mr. and Mrs. Erick Anderson, of Oak Lawn. Miss Erickson had been sick with heart trouble since last March and passed away last Sunday. She was born in Gastrickland, Sweden, May 15, 1887, and was a young woman of high Christian character who was beloved by all. Besides her parents she leaves a sister, Mrs. August Erickson and a brother, L. J. Erickson, of this city and a brother in the state of Washington. Besides a sister in St. Paul, Mrs. K. A. Gustafson. The church was beautifully decorated for the funerals which were both well attended.

**White-Hohman**  
One of the prettiest home weddings in Brainerd in some time was that of Miss Lottie White and Louis Frank Hohman which was solemnized at the home of the bride's parents, Mr. and Mrs. I. U. White, 1005 Main street, Wednesday evening, August 26. The rooms were handsomely decorated for the occasion, the hall being done in yellow, the front parlor, where the ceremony was performed, being in pink and green and the dining room and conservatory in green and white.

At the appointed hour of 8 o'clock the bridal party took their places under a bell of smilax in the bay window, Mendelssohn's wedding march being played by Mrs. A. C. White, a sister-in-law of the bride.

The bride was beautifully arrayed in ivory Messeline trimmed with imported point lace, and carried bride's roses. Miss Helen Murray, of Nisswa, was bridesmaid and wore a white batiste princess gown. She carried a bouquet of pink roses. The groom was supported by Russell Cass, both being in conventional black. The ushers were Misses Edith Fulton, of Duluth; Eva Dean, Minneapolis; Elsie Harmon, Bellingham, Wash.; Anna Eggleton, St. Paul. After the ceremony, which was performed by Rev. J. F. McLeod, a reception was given which was attended by a large number of friends. Mrs. White was assisted in her duties as hostess by Mrs. C. B. White and Mrs. Archie Purdy.

Light refreshments were served in the dining room the guests being served by Mrs. F. M. Hagberg, Mrs. Wm. McCarthy, of Spokane; Mrs. J. C. Manville, Mrs. A. C. White, Miss Laura Donaldson and Miss Dottie Sornson. The frappe booth in the conservatory, was presided over by the Misses Cora Davis and Edna Baker.

The happy couple left on the midnight train for a brief western trip, the bride wearing a going away gown of gray with a long coat and hat to match. They will make their future home in Brainerd where both the bride and groom have a host of friends who will unite with THE DISPATCH in extending congratulations to them.

There was a large array of very handsome and expensive presents which bore testimony to the high regard in which the young people are held by a large circle of friends. A feature of the display was the large number of handsome pieces of linen presented by the lady friends of the bride.

The out of town guests were Mr. and Mrs. F. A. White, Miss Anna Eggleton, St. Paul; Norrie P. White, Mrs. Chas. Kuerth, Miss Hazel Welch, Miss Edith Fulton, Duluth; Mrs. H. R. White, Gull lake; Mrs. Wm. Murray, Miss Helen Murray, Nisswa; Mrs. R. W. Bartlett, Miss Eva Dean, Minneapolis; Miss Elsie Harmon, Bellingham, Wash.; Mrs. Wm. McCarthy, Spokane; Miss Dottie Sornson, Merrifield.

**She Likes Good Things**  
Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it. These painless purifiers sold at H. P. Dunn's drug store. 25c.

**Wilson-Showalter**  
At the residence of Mr. and Mrs. W. H. Bolton, Riverside, near Northern Pacific Sanatorium, the marriage of H. Clyde Wilson, and Miss Goldie E. Showalter, was solemnized at 2:30 yesterday afternoon in the presence of 30 guests. Rev. Charles Fox Davis was the officiating clergyman, reading the beautiful ring service of the Methodist Episcopal church. Miss Nellie E. Showalter, of Longville, assisted the bride, her sister, and the bride's brother, Allen G. Showalter, assisted the groom. The bride was handsomely gowned in pale blue silk and carried bride's roses in her hand. Mrs. W. H. Bolton, a relative of the groom, played the wedding march.

The floral decorations were in ferns and golden rod, with white decorations forming a most handsome wedding bower. After the pleasing ceremony a wedding luncheon was served. Among the out of town guests were Miss H. A. Avery, of Deerwood, Mr. and Mrs. S. E. Showalter and family, of Longville, Cass Co. The young couple left last evening for Long Prairie, leaving in a week for Seattle, Wash., where they will make their future home.

**Dr. Lausted Married**  
Announcements have been received in this city of the marriage of Dr. Geo. W. Lausted and Mrs. Margaret Marie Brasch, of Fond du Lac, Wis. The marriage occurred at Fond du Lac, Wis., August 22d, and the happy couple will be at home in Duluth, Minn., after September 1st. Mrs. Brasch visited at the home of Mr. and Mrs. L. E. Thayer last year and made a number of friends in this city, who will join with the many friends of Dr. Lausted in wishing them much joy.

**"The Flaming Arrow"**  
Red Flash, the famous Indian runner, who carried Custer's last message, is one of the most interesting of a group of famous red men, who formed the attacking party on the fort, in "The Flaming Arrow," the romantic drama by Lincoln J. Carter, which opens at the opera house, Sept. 1.

Red Flash, an old man now, will be seen with this attraction. He was once, and indeed for a full decade, the fastest of all Indian runners. It is said that a sprint of 100 miles a day as bearer of important messages between forces of the regular army was but a trifle. He formerly was one of the most noted blood thirsty warriors on the Dakota plains.

**For County Attorney**  
I hereby announce that I am a Republican candidate for the office of County Attorney. I desire to thank the voters for the kind support they gave me at the last election. In the discharge of the duties of that office I have been impartial and have conducted the business in an honest and conscientious manner to the best of my ability. With the experience thus gained I believe that I am and shall be better fitted for the place during the second term, and I trust that I may command your confidence.

Respectfully,  
J. H. WARNER.

**Excellent Health Advice**  
Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at H. P. Dunn's drug store. 50c. tts

### The Sort of Thing He Liked.

In an early day in Stone county, Mo., a farmer's boy rushed into the office of Dr. T. J. McCord of Galena and urged the doctor to come quickly to see his father, who seemed to be dying. Said the doctor, "What ails him, and what has he eaten?"

The boy said, "Oh, nothing much but fourteen roastin' ears for supper."

"Well," said the doctor, "just go back and throw him in a couple of bundles of oats and tell him I will be up there in about thirty minutes."—Judge's Library.

### Good Books.

'Tis a pleasure in the gloaming, when the lights are burning low, to forget the hours of labor, with their weariness and woe and to choose some simple volume—say a work by Albert Ross—and peruse its hopeful pages, which absorb us and engross. And a book by Laura Libbey lifts the shadows from one's brow, such a stirring tale, for choice, as "Lovers Once, but Strangers Now." Let the thoughtless go to cakewalks, dances and the like, forsooth! We shall rest and read Nick Carter and his running mate, "Old Sleuth"—Emporia Gazette.

## BIG DAM BREAKS AND FLOODS CITY

Water Twelve Feet Deep in the  
Streets of Augusta.

ONLY THREE LIVES ARE LOST

Damage to Property, However, Is  
Placed at About Half a Million Dol-  
lars—Several Fires Reported in  
Outlying Districts.

Atlanta, Ga., Aug. 27.—The floods in the Carolinas and Georgia culminated in the breaking of the big dam six miles from Augusta, which diverts the water from the Savannah river into the canal at that point. The great flood of water let loose soon found its way into the city and from Fifteenth street to the eastern boundary, Augusta is under from six to twelve feet of water, which is gradually rising.

The big bridge across the Savannah river went down in the rush of waters and the dam at the locks seven miles above the city collapsed, adding to the flood.

The Associated Press correspondent at Augusta succeeded in getting a telephone wire to work in the building next to the Augusta Herald office and from there the first communication to this city was obtained after the wire went down. He reported three deaths upon a cross beam of the bridge and could not give any names, as the means of travel were only by boat.

Two telegraph operators employed by the Western Union Telegraph company swam to the Chamber of Commerce building and cut in on a wire that had not gone down.

The current through the city streets is swift, but not fast enough to more than carry away debris, box trees, store boxes and loose signs.

Despite the fact that the city was warned that there was danger of the dam breaking, there will be considerable loss in business houses of all kinds.

Estimates place the financial loss close to \$500,000.

There were several fires reported but as the fires are in outlying districts, the extent of the damage can not be learned. It is said the Nixon and Danforth cotton warehouse was destroyed by fire, together with the Nixon wholesale grocery warehouse. A fire was also reported in the Georgia railway shops.

### Fleet Leaves Sydney.

Sydney, N. S. W., Aug. 27.—The fleet of American battleships has sailed from this port bound for Melbourne. The sky was cloudless, the sun was warm and only moderate sea was running when the flagship Connecticut weighed anchor and led the warships in single line out past the sloping shores of the harbor, which were crowded with thousands of persons who had gathered to bid the fleet farewell.

### Robber Killed by Policeman.

Philadelphia, Aug. 27.—Caught in the act of robbing the house of a neighbor who had many times befriended him Ed Mooney, a former city fireman with a record for heroism was shot and mortally wounded by Policeman Harrington. Mooney died in a hospital.

## TOLSTOI'S CONDITION GRAVE

Noted Russian Author in a Serious  
Condition.

St. Petersburg, Aug. 27.—The St. Petersburg newspapers state that Count Leo Tolstoi's condition is very grave. He has been suffering for some time past with dilation of the veins of his

feet, which more recently became complicated by an attack of influenza. He is suffering greatly from weakness.

### Falls to His Death.

Sloux City, Ia., Aug. 27.—J. M. George fell from the Milwaukee bridge across Perry creek, struck his head upon a cross beam of the bridge and died instantly. The police found him standing on his head in the water.

### Making Good.

There is no way of making *lasting* friends like "Making Good," and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first of their kind in the market, still lead, and when once tried are ever afterward in favor. Easy to take as candy—one to three a dose. Much imitated but never equalled.

## WINS NATIONAL TROPHY.

Army Infantry Team Captures First  
Prize at Camp Perry, O.

Camp Perry, O., Aug. 27.—The United States Infantry team won the national trophy and the \$300 offered by congress by winning the United States army rifle team match. The infantry's score was 3,224. The second prize, the Hilton trophy and \$200 in cash, went to the navy team, which scored 3,210. A score of 3,180 made by the cavalry team gave the cavalry third place, the bronze trophy, "The Soldier of Marathon," and \$150 in cash. The marine corps was fourth with 3,117 and won \$100 in cash. Fifth place and \$75 in cash was won by the Wisconsin team with a score of 3,073, which also heads the national guard teams. All of the high honors were taken by the regular army service teams.

### Two Killed in a Mine.

Deadwood, S. D., Aug. 27.—J. B. Taylor, one of the best known mining men in the Black Hills and his helper, Chris Miller, were instantly killed at the Burlington mine, near Redfern. The men had stepped into the cage to be raised out of danger of a blast, but a break caused the cage to stick, and the explosion caught them helpless.

## PUTS PREMIUM ON RECKLESS BANKING

Taft's Opinion of Plan to Guar-  
antee Bank Deposits.

Hot Springs, Va., Aug. 27.—"It puts a premium on reckless banking and is an inducement to reckless banking." Thus did Mr. Taft in response to a direct question, state what is, in his opinion, the vital objection to the proposed plan to guaranty deposits in national banks.

"That is the fundamental objection," he said. "Relieved of the responsibility to and the fear of his depositors, the tendency would be to induce exploitation, manipulation, and the use of assets of banks in a speculative way. It would promote speculation at the expense of his fellow bankers and that ultimately means at the expense of the depositors. Any proposition as to the amount of the tax that should be assessed, as based on the present rate of loss, is on an erroneous basis, as the danger of loss of deposits is increased vastly by the proposed system, so that the percentage of the tax would have to be vastly increased."

"Mr. Bryan did favor a guaranty, the government to raise the funds by taxing the banks, but the Democratic platform provides for an enforced insurance, which compels all national banks to contribute to the insurance funds to meet the defaults of the speculators. I am told that such a law was in force in New York and that the result was that when a panic ensued, the tax having been improperly calculated there were not sufficient funds to pay the loss, but this I have only on the authority of a well known writer on the subject."

### Noted Inventor Dead.

Boston, Aug. 27.—The death is announced at the home of his daughter in Brookline of John James Greenough, the inventor and former superintendent of the patent office at Washington. He was the first to take out a patent on a sewing machine, invented the first shoe-pegging machine, and assisted in the construction of the first electric locomotive.
